

2019 Talladega 3X600 Yard Matches

Monthly 3x600

**4387 Turner Mill Road
Talladega, Alabama
256-474-4408**

The Civilian Marksmanship Program (CMP) Talladega Marksmanship Park invites you to participate in its **Talladega 3X600 Yard Match on the 3rd Saturday of each month.** This match is open to the public; new or experience shooters are welcome.

CMP TALLADEGA MARKSMANSHIP PARK:

The CMP began planning construction of the new Talladega Marksmanship Park in 2012 and completed the installation of electronic targets on the range in 2015. The Park has a 13,000 sq. foot Club House with classrooms, offices, and ADA compliant restrooms. Containing over 500 acres of the finest public facilities in the nation, competition and practice take place on state of the art electronic targets that allow participants and spectators to view groups and scoring via electronic monitors. Sporting

clays, 5-stand, and trap are shot using swipe card technology – utilizing fully automated trap machines.

KONGSBERG ELECTRONIC TARGETS:

All firing will be completed on Kongsberg Electronic Targets (KTS). The KTS system, installed at each 200, 300, and 600 yard line registers each shot and relays the location and score value to a monitor beside each shooter on the firing line. The targets down range will raise and lower for the desired distance from behind the firing line. All target operations, including final scoring, will be controlled from a range center command booth.

SAFETY RULES:

The use of ECI's (Empty Chamber Indicators) in all rifle and pistols is required at the CMP Talladega Marksmanship Park. The ECI is a brightly colored safety flag that is inserted into the chamber of the firearm. ECI's provide visual confirmation that firearms are unloaded. ECI's must be inserted after rifles are uncased and when not firing or in preparation period. ECI's will be available on the range for those that do not have them.

Range Safety Briefing-

A CMP range safety card is mandatory to fire on the CMP Talladega range. Range safety cards are received after taking the safety class at the CMP Park Club House. Classes will be held every morning before the relays begin firing.
