**VINTAGE SNIPER MATCH:** Competitors must use Korean War, World War II or earlier as-issued military sniper rifles or replicas of those rifles. Optics on these rifles must also be original issue or replica scopes from the same period. A complete list of approved rifles and optics is provided in the current edition of CMP Games Rules (see rule 6.2 and Table 7 pages 54-57). The course of fire for this match is designed to reproduce the conditions under which skilled long-range military riflemen operated. Two riflemen work together as a team. During the match, each team member functions alternately as a shooter or a spotter. After one team member finishes firing, they switch roles and the other team member fires. Firing is done at distances of 300 and 600 yards from the prone position. Shooters may use either a sling or sand bag support, but not both.

Wind doping is critical and firing must be done quickly; targets are exposed for each shot for only 20 seconds and then withdrawn for 20 seconds.

### Course of Fire

- ⊙ Sighting—300 yards. Unlimited sighters in 5 minutes. One or both team members may fire sighters.
- ⊙ Stage 1—300 yards. The first team member fires 10 shots prone during 20 second target exposures. The shooter and spotter then change roles.

- ⊙ Stage 2—300 yards. The second team member fires 10 shots prone during 20-second target exposures.
- ⊙ Sighting, 600 yards. Unlimited sighters in 5 minutes. One or both team members may fire sighters.
- ⊙ Stage 3—600 yards. The first team member fires 10 shots prone during 20 second target exposures. The shooter and spotter then change roles.
- ⊙ Stage 4-- 600 yards. The second team member fires 10 shots prone during 20-second target exposures.

Teams are ranked according to their total score for 40 shots.

No ammunition will be given for this match. Competitors may use any safe ammunition. Hand loads are permitted. No tracer, armor piercing or incendiary-type ammunition or projectiles maybe used (CMP Games Rule 6.3.4).

**SERVICE RIFLE EIC MATCH:** The course of fire for this match is a 500-point NMC without sighters.

- ⊙ 10 shots, 200 yards, slow fire standing
