

## CMP AFFILIATE DELAYED PAYMENT PROGRAM

Under the **CMP Affiliate Rifle Purchase Program** CMP affiliates can purchase specific products from third party vendors and spread out the payments for two years. The program is intended to allow CMP-affiliated schools, junior clubs, teams and camps to purchase the number of rifles they need for their program and ease the burden of paying for them all at once. Products such as .177 cal precision and sporter air rifles .22 cal smallbore rifles and limited other products will be made available for sale to authorized affiliates directly from specific third party vendors. These products are intended for use by junior shooters in target training and competition, from beginning through intermediate levels. The CMP delayed payment plan applies only to products sold by third party vendors and does not apply to any products sold by CMP. Affiliates who take advantage of this program may spread their payments over a two-year span.

### This program will help schools, clubs, junior teams and camps:

- Obtain the most suitable rifles for use in teaching marksmanship to juniors and new shooters.
- Attract more new shooters by providing loaner rifles.
- Obtain club or team rifles especially suitable for beginning and intermediate level shooters.
- Overcome the financial challenges of getting their programs started.
- Purchase all the rifles needed for the program all at one time instead of one at a time.

### PURCHASE REQUIREMENTS
