LETTER FROM CMP CHAIRMAN

Dear CMP Supporters,

As chairman of the board of directors of the Corporation for the Promotion of Rifle Practice and Firearms Safety, Inc., also known as the Civilian Marksmanship Program, it is my pleasure to thank you for your continuing support of our operations. It is because of all of you that we are able to maintain our commitment to the services by which we have become known to our friends and competitors throughout the history of our organization. The CMP focuses on safety and respect for marksmanship and its continuing traditions. We reach out to many thousands of people, young and old, who visit our website, study our publications, frequent our stores, order from us online and participate in a variety of training opportunities, competitions, clinics, camps and outreach programs that we hold at our own ranges and others around the country.

Our indoor air gun ranges in Anniston, Alabama, and Camp Perry, Ohio, have allowed us to host numerous events for both juniors and adults – and the addition of our mobile air gun range to the CMP fleet has allowed us to host events anywhere in the country.

The 20,000-square-foot CMP South Competition Center in Anniston houses classrooms, offices, shipping department and the CMP South Store. Connected to the facility is the 80-point air gun range that houses 10-meter firing points – equipped with state-of-the-art electronic targets.

The Gary Anderson CMP Competition Center at Camp Perry is the \$1.1 million-dollar upgrade and was formerly known as the CMP North Marksmanship Center. The expansion includes an open reception and common area, fully equipped classrooms, cylinder filling room and CMP retail store. Connected to the new expansion is the existing 80-point air gun range, which replicates the impressive South Range in Anniston.

Growing interest in our junior air gun programs led us to initiate use of the only mobile air gun range in existence – allowing us to take the CMP experience to essentially any venue of this fine nation. Over the past few years, the mobile range has been seen in a variety of locations and has been used by members of 4-H clubs, community rifle and pistol clubs, wounded warriors, Junior ROTC cadet commands, and high school club teams.

The CMP Talladega Marksmanship Park in Talladega, Alabama, has been labeled the most advanced outdoor marksmanship facility in the United States. Now, with unlimited access to our own highpower range, we are able to teach, compete and grow on an even broader scale.

The Talladega Marksmanship Park is a state-of-the-art range with electronic highpower and pistol target systems providing shooters, competitors, and guests with a safe, convenient and pleasant experience. Moreover, the park is a learning center – a home to beginning, intermediate and advanced shooters that enables them to take their skills to a higher level. In addition to the traditional distance highpower ranges, the park also includes a variety of pistol and shotgun ranges, as well as educational facilities suitable for families and sportsmen alike.

The 13,000-square-foot CMP Park Club House allows visitors to observe the action via large monitors along the walls. The Club House is also home to an authentic Creedmoor Sports Pro Shop that is sure to satisfy the needs of both new and experienced marksmen.

Despite the challenges of these times, the CMP continues to do what it has always done – stress firearm safety and respect for any device that sends a projectile downrange. Our confidence has never been higher in the future of marksmanship as a safe and constructive sport for girls and boys, women and men, young and old.

Those who have a passion for the sport know that marksmanship training and practice teaches valuable life skills, including diligence, dedication, focus, concentration, and a respect for firearms and a sense of community. Target shooting is a lifetime sport – a sport with the power to humble even the best of shooters, while at the same time, making us better at everything else we do. We strive to not only better ourselves with each program we conduct, but to also help our competitors grow into the best all-around individuals they can become.

On behalf of the Civilian Marksmanship Board of Directors and staff members, I again thank you for your continuing support of our programs and endeavors.

My best to all of you,

*Ms. Judith Legerski
Chairman*

*Mr. Cris Stone
Vice Chairman*

CMP SURPLUS RIFLES

SURPLUS RIFLES

The surplus rifles offered for sale by the CMP are drawn from Army storage. Depending on type and model, manufacture dates range from the early 1900s for some M1903s to as late as 1990 for some .22 caliber rifles. Just as they vary in age, they also vary in condition and amount of use. Some appear to be new or barely used, while others show plenty of battle scars and character (dings and dents). Some of the later models appear to have had little use, while others could have served on active duty, been loaned to our allies, and used as ceremonial rifles by veteran's organizations or as drill rifles in our high schools and colleges. Each one is an authentic piece of American history.

CMP personnel inspect and repair many of the rifles received from the Army in a 'not ready for issue' condition.

Even though some repairs are performed, our customers must recognize that these rifles are sold in a wide spectrum of conditions. We highly recommend that our customers have the rifles disassembled and thoroughly cleaned and carefully examined by a competent gunsmith prior to any attempt to load or fire the rifles.

Some options may not be readily available and orders may be placed on back-order and filled on a first come basis. Prices in effect at time of shipment will be charged. Customers are notified of price changes before orders are filled.

Over 5,000 shooting clubs and other associations are currently affiliated with the CMP. For a more detailed listing of affiliates, please see the Ordering Instructions in this catalog.

If you have any difficulty in finding an affiliated club, please contact the CMP at 256-835-8455 or check the club listings on www.TheCMP.org (Clubs).

ONLY MEMBERS OF CMP AFFILIATED ORGANIZATIONS MAY PURCHASE SURPLUS RIFLES, PARTS, OR AMMUNITION FROM THE CMP.

CERTIFICATE OF AUTHENTICITY

A completed Certificate of Authenticity accompanies each rifle purchased from the CMP.

OTHER FIREARMS

HANDGUNS:

The CMP does not have any handguns for sale.

M14 RIFLES:

The CMP does not have any M14s for sale.

The CMP routinely receives small quantities of different models of .22 cal and .30 cal rifles. The small quantities received make it impractical to list these items in a printed catalog. As we receive new items, we list them on our website and send an email notification to all subscribers.

We urge everyone who does not currently have Internet access to make arrangements with a friend or relative to subscribe to our email list on www.TheCMP.org.

The CMP Custom Shop provides a wide variety of repair, upgrade and custom services for a wide range of U.S. Military rifles. Learn more at: http://thecmp.org/cmp_sales/custom-gunsmithing/.

CMP SURPLUS RIFLES

Remembering American Sacrifices for Freedom and Country

M1 Garand
U.S. Rifle, Caliber .30

John Garand's rifle was the single most significant small arms development in the history of modern warfare. No other rifle in this nation's history so outclassed that of its adversaries. The accuracy, reliability, ruggedness and most of all, firepower, could not be matched by any of the Axis powers during WWII. It performed with distinction during WWII, Korea and the early days in Vietnam.

In the past ten years, the M1 Garand, regardless of condition, has also become a **very hot collectors' item and sound financial investment**, as evidenced by the steady growth of the Garand Collectors Association to over 15,000 members in just the past few years. The popularity of the M1 Garand continues to grow as hundreds of new Garand "Fun" Matches are being held all across the USA each year.

Over the past 65 years, most M1 rifles have been arsenal rebuilt, refinished, rebarreled or repaired at least once and often several times. Most will show signs of service (often considerable) and replacement of various parts. They are seldom encountered with all original parts and original finish as delivered from the manufacturer. Such "original" rifles, even in well-used condition, are highly prized by collectors.

Each M1 Garand rifle sold by CMP is an authentic U.S. Government rifle that has been inspected, headspaced, repaired if necessary and test fired for function. Each rifle is shipped with safety manual, eight-round clip and chamber safety flag. Selection only guarantees the receiver was produced by the manufacturer listed. All other parts may have been produced by other manufacturers. Orders are filled on a first-come first serve basis. Rifles of all grades are packed for shipment purely by "luck of the draw". **RIFLES DO NOT HAVE IMPORT MARKS.**

M1 GARAND SERVICE GRADE: GOOD TO VERY GOOD CONDITION. Service Grade Rifles show less wear and better appearance than Field or Rack Grades. Rifle wear will be exhibited by worn and mixed colors of the parkerized finish. There may be some minor pitting on the metal parts. Wood will be either Walnut, Birch, Beech or other variety and will be basically sound but may have minor hairline cracks, dings, scratches and gouges. Wood may not match in color or type of wood. **Wood may be of new production on Service Grade Garands.** Bores will be generally good with only minor imperfections. The barrel crown may be nicked, but the muzzle will gauge "3 or less" and the throat erosion will gauge less than 5. Manufacturer selection only guarantees the receiver was produced by the manufacturer listed. The barrel and the other parts may have been produced by other manufacturers. Please check the M1 Garand page on www.TheCMP.org (Sales) for manufacturer options, pricing, current availability, and order-ship time. **Prices start at \$730.** Free S&H - continental U.S. Contact CMP for additional S&H - Alaska, Hawaii & Puerto Rico.

M1 GARAND FIELD GRADE: FAIR TO GOOD CONDITION. Most of these rifles have been refinished or rebuilt at least once while in military service and will likely have some parts from other manufacturers. Rifle wear will be exhibited by worn and mixed colors of the finish; there may be some minor pitting on the metal parts; wood will be basically sound but may be well used with minor hairline cracks, and many dings, scratches and gouges; wood may not match in color, type of wood or condition. These rifles may have some foreign parts and wood may be Walnut, Birch, Beech or other variety. Rifles do not have import marks. Bores will be generally good with only minor imperfections; the barrel crown may be nicked, and the muzzle may gauge more than "3" on muzzle gauge. The Throat Erosion will gauge less than 5 - well within US Army standards. Do not expect rifles in mint condition in this grade. Manufacturer selection only guarantees the receiver was produced by the manufacturer listed. The barrel and the other parts may have been produced by other manufacturers. Please check the M1 Garand page on www.TheCMP.org (Sales) for manufacturer options, pricing, current availability, and order-ship time. **Prices start at \$630.** Free S&H - continental U.S. Contact CMP for additional S&H - Alaska, Hawaii & Puerto Rico.

M1 GARAND CORRECT GRADE: VERY GOOD TO EXCELLENT CONDITION. Correct Grade Rifles are similar to the Service Grade (above), but will show less wear and use. Correct Grade rifles will have all correct parts for the date of manufacture with 80% or better overall original metal finish. The stock and handguards will be of walnut and correct for the rifle but will have some dings, dents, scratches and marring of the wood finish. Stocks will have the appropriate original inspector's cartouche. The rifle bore will be very good with no significant defects and with a throat erosion of less than 4 and a muzzle wear of 2 or less. Very good to excellent condition. This grade is rare and is only available occasionally in limited quantities. Because of the scarcity of these rifles, they will only be sold on the CMP auction site at cmpauction.TheCMP.org.

M1 GARAND COLLECTOR GRADE: EXCELLENT CONDITION. Collector Grade Rifles show almost no wear or use and have 95% or better overall original metal finish. Rifle bores are excellent with throat erosion under 3 and muzzle wear of 2 or less. Collector Grade rifles have all original parts as they came from the manufacturer. Wood will have a few handling marks and minor dings and scratches. Stocks have the appropriate inspector's cartouche. Data sheets prepared by CMP armorers are included in the butt trap of each Collector Grade Rifle. Excellent condition - little or no use. Limited quantities are occasionally available. Because of the scarcity of these rifles, they will only be sold on the CMP auction site at cmpauction.TheCMP.org.

CMP SURPLUS RIFLES

*M1 Garand
Special Grade*

M1 GARAND SPECIAL GRADE: EXCELLENT (PRISTINE) CONDITION. (See photo above). CMP's new grade of M1 Garand. This rifle consists of a new production stock and handguard set with CMP cartouche, a new production barrel and new web sling. Receiver and most other parts are refinished USGI, but some parts may be new manufacture. See item for details. This grade is usually available. Please check the M1 Garand page on www.TheCMP.org (Sales) for current availability and order-ship time. **Prices start at \$1,030.**

M1 GARAND SPECIAL FIELD GRADE: This is a completely refurbished rifle consisting of an original M1 Garand Springfield or HRA receiver, new production Criterion barrel, new production American Walnut stock and handguards, and new web sling. Receiver and most other parts are refinished USGI, but some parts may be new manufacture. Receiver will have considerable pitting above the wood line. **Prices start at \$830.**

OTHER U.S. MILITARY SURPLUS RIFLES

NOTE: CMP does periodically receive other U.S. military rifles such as the **M1917, Krag, M1903, M1903A3, M1 carbine** as well as U.S. military .22 caliber rifles such as the **Remington 541X, 40X, 513T, Mossberg M44 and M144, Winchester Models 52C & D**, and others. These rifles are scarce and are only available for short periods of time and in very limited quantities. Please check the rifle pages on www.TheCMP.org (Sales) for pricing and current availability.

VISIT THE CMP STORES IN ALABAMA AND OHIO

PB002

The M5A1 bayonet was manufactured for the M1 Garand rifle. Manufacture began in 1953 and continued into the 1970s. The M8A1 scabbard was used with several model bayonets and was manufactured from 1944 to 1970, both by the USA and by other countries.

- Issued (used)** - good to very good condition (bayonet and scabbard). These used bayonets do show normal wear on the finish and most of the scabbards are covered in some type of preservative. Bayonet is US manufacture. Scabbard may be of original foreign manufacture (not current reproduction).
- ITEM # PB002 **Garand Bayonet Model M5A1 with M8A1 Scabbard** **\$36.00**

US M-7 Bayonet & M8A1 Scabbard. Various manufacture. The bayonet overall length is 12" with a blade length of 6 3/4". They are to be used on the US caliber 5.56mm M16 rifle. Please note that we will not be able to honor specific manufacture requests due to the bayonet/scabbard being in sealed packaging.

- ITEM # PB008M7 **US M-7 Bayonet & M8A1 Scabbard** **\$42.00**

LIABILITY AGREEMENT/ NO-WARRANTY ACKNOWLEDGEMENT

In consideration for the approval of my application to purchase a rifle, parts, accouterments, ammunition and/or components through the Civilian Marksmanship Program, I hereby agree to:

1. Waive any claim against the corporation for the promotion of rifle practice of firearms safety, its directors, officers, employees, volunteers, agents and contractors (collectively, "CPRPFS") for any personal injury, loss, damage or expense that I might incur arising from the use of this rifle, parts, accouterments, ammunition and/or components, and
2. Defend, indemnify and hold the CPRPFS harmless from any claim of a third party arising from the use of this rifle, parts, accouterments, ammunition and/or components including any expense incurred by the CPRPFS in defending, investigating or settling such a claim.

I agree that this agreement and legal issues arising from the sale of this rifle, parts, accouterments, ammunition and/or components to me shall be governed by the law of the state of Ohio; and that if any provision of the agreement or its application to any person or circumstance is held invalid or unenforceable, the remainder of this agreement or the application of such provision to other persons or circumstances shall be unaffected. I further agree that this agreement shall be binding upon my executors, administrators, trustees, personal representatives and assigns.

I also acknowledge that the rifle which I am applying to purchase is a military surplus arm in used condition and is sold to me strictly "AS IS", WITH NO WARRANTY EXPRESS OR IMPLIED. I understand that:

1. This rifle may not function properly or be safe for me to use in the condition in which I receive it.
2. This rifle is not to be fired until it has been disassembled and cleaned, thoroughly examined by a competent gunsmith familiar with its internal mechanism and safety features, and any unserviceable parts replaced or other deficiencies corrected.
3. The use of ammunition that does not meet U.S. military standards in this rifle can be dangerous.

Regretfully, your order cannot be processed without submission of all of the items on this checklist. Failure to submit any required documents or information will result in substantial delay of your order.

REPEAT CUSTOMERS – NOTE: If you have previously submitted proof of citizenship and age and proof of participation in marksmanship or other firearm related activity, you need not supply them each time you order, but we would appreciate you marking those items on this checklist as “previously provided”. The same applies to proof of membership in affiliated organizations, unless what you provided to us previously has expired, in which case a copy of a current club card must be provided with the order to avoid delays.

Your assistance in completing this checklist is sincerely appreciated by the CMP staff.

TO PURCHASE A RIFLE FROM THE CMP, A PURCHASER MUST PROVIDE PROOF OF:

- ✓ **U.S. Citizenship and Age** *and*
- ✓ **Membership in a CMP Affiliated Organization** *and*
- ✓ **Participation in a Marksmanship or Other Firearms Related Activity**

1. **U.S. Citizenship and Age:** You must provide a copy of a U.S. birth certificate, passport, proof of naturalization, or any official government document that shows birth in the U.S. or otherwise states citizenship as U.S. A drivers license is proof of age, but **IS NOT** proof of U.S. citizenship. A copy of a military ID (active, reserve, guard, retired) will serve as proof of U.S. citizenship (must be an E5 or above).

2. **Membership in CMP Affiliated Organization:** You must provide a copy of your current membership card or other proof of membership. This requirement cannot be waived. The CMP currently has over 2,000 affiliated organizations located in many parts of the country. Membership in many of these organizations costs \$25.00 or less and can be accomplished online. A listing of affiliated organizations can be found by clicking on our "CLUBS" tab on our web site at www.TheCMP.org. If you have any difficulty in locating a club, please contact the CMP at 256-835-8455 or by emailing custserve@TheCMP.org. We will find one for you.

In addition to shooting clubs, the CMP also has several special affiliates. Membership in these organizations satisfies our requirement for purchase. These special affiliates include:

- Congressionally chartered veterans' organizations such as the VFW, AL, DAV, MCL, etc.
- U.S. Military services (active or reserves), National Guard, to include retirees. Copy of ID required.
- Law Enforcement departments and agencies and Law Enforcement organizations and associations (to include LEO retirees). Copy of ID required. Note: Club membership IS required for purchase of rifles, parts, and ammunition. Club membership is NOT required for instructional publications or videos or CMP memorabilia.

3. **Marksmanship or other Firearms Related Activity:** You must provide proof of participation in a marksmanship related activity or otherwise show familiarity with the safe handling of firearms and range procedures. Your marksmanship related activity does not have to be with highpower rifles; it can be with smallbore rifles, pistols, air guns or shotguns. Proof of marksmanship

participation can be provided by documenting any of the following:

- Current or past military or law enforcement service.
- Participation in a rifle, pistol, air gun or shotgun competition (provide copy of results bulletin).
- Completion of a marksmanship clinic that included live fire training (provide a copy of the certificate of completion or a statement from the instructor).
- Distinguished, Instructor, or Coach status.
- Concealed Carry License.
- Firearms Owner Identification Card that includes live fire training.
- FFL or C&R license.
- Completion of a Hunter Safety Course that included live fire training.
- Certification from range or club official or law enforcement officer witnessing shooting activity. A form for use in completing and certifying your range firing can be downloaded from the CMP web site at <http://thecmp.org/wp-content/uploads/marksmanship.pdf>.
- No proof of marksmanship required if over age 60. Proof of club membership and citizenship required for all ages.

NOTE: Proof of marksmanship activity is only required for purchase of rifles.

4. **Legal Eligibility to Purchase a Firearm:** The information you supply on your application will be submitted by the CMP to the FBI National Instant Criminal Check System (NICS) to verify you are not prohibited by Federal, State or Local law from acquiring or possessing a rifle. Your signature on the Purchaser Certification portion of the purchase application authorizes the CMP to initiate the NICS check and authorizes the FBI to inform CMP of the result.

IMPORTANT: If your State or locality requires you to first obtain a license, permit, or Firearms Owner ID card in order to possess or receive a rifle, you must enclose a photocopy of your license, permit, or card with the application for purchase.

Rifle shipments to NJ and NY must be made to a state licensed dealer. You must provide a copy of the dealer's license with your order form.

CMP ORDERING INSTRUCTIONS

Ordering Instructions continued from previous page . . .

Rifle shipments to CA must be made to a licensed dealer unless the customer has a Curios and Relics License and Certificate of eligibility (must submit copies with your order form).

Rifle shipments to CT and WA must be made to a licensed dealer unless the customer has a Curios and Relics License (must submit a copy with your order form).

5. **Order Form and Purchaser Certification and Agreement:** If you think you may purchase additional rifles in the future, we recommend you make several extra copies of the blank forms for use in placing future orders. Customers should complete all three pages of the order form and sign it before a notary. Except as explained in the next paragraph, orders received without notarized signature will not be processed.

Send the completed Order Forms, your payment and all necessary enclosures to satisfy items 1-5 above, to:

CIVILIAN MARKSMANSHIP PROGRAM

ATTN: RIFLE SALES

1401 COMMERCE BOULEVARD

ANNISTON, AL 36207

Rifles may only be purchased mail order or in person at our Camp Perry and Anniston store. Rifles and receivers may not be purchased online, by phone, by email, or by fax. Parts, ammunition, and memorabilia orders may be faxed to 256-831-8331 or emailed to custserve@TheCMP.org, providing payment and all ordering information is provided.

6. **Repeat Customers:** If you have completed CMP Purchaser Certification and Agreement to buy a rifle from the CMP, signed before a Notary Public, you may for a period of three (3) years thereafter submit an application to purchase additional rifles, parts or ammunition without having the Purchaser Certification and Agreement notarized – provided that the “sold to” and ‘ship to’ addresses remain exactly the same.

All orders - **TO INCLUDE REPEAT ORDERS** – must include **SIGNED** pages 1a, 2a (with or without notary) and 3a. The checklist on page 4a is provided for customer convenience. Rifles may only be purchased by mail or in person. We cannot accept faxed, emailed or phone orders for rifles or receivers.

After three years, or at anytime an address changes from the last notarized order, a new Purchaser Certification and Agreement must be notarized.

Please note that once an order is submitted, we will only ship rifles to the ‘ship to’ address on the order form. Customers may not change the ‘ship to’ address without submitting a new notarized order form.

TO PURCHASE MILITARY SURPLUS PARTS OR AMMUNITION FROM THE CMP A PURCHASER MUST:

1. **Be a U.S. citizen and be a member of a CMP affiliated organization.** You must provide proof of U.S. citizenship AND club membership. This requirement cannot be waived.
2. **Complete the Order Form** and sign the Liability Agreement.
3. **Mail order form to CMP.** Parts, ammunition and memorabilia orders may also be faxed to the CMP at 256-831-8331.

CLUB MEMBERSHIP IS NOT REQUIRED FOR PURCHASE OF INSTRUCTIONAL MATERIALS OR MEMORABILIA.

CMP JUNIOR SUPPORT

CMP Supports Numerous Junior Marksmanship Programs

While it's clear that the development of today's youth will have a direct effect on the growth of shooting sports in the future, the CMP also recognizes the impact junior programs have on young people as future leaders.

It is the CMP's mission to promote firearms safety and marksmanship with an emphasis on youth, backed by a vision that every youth in America will have an opportunity to participate in its programs.

The CMP provides multiple opportunities for juniors to get involved in firearms safety and marksmanship programs including clubs and organizations like 4-H, Boy Scouts of America, USA Shooting, American Legion and Junior Reserve Officers' Training Corps (JROTC) to name a few.

Each year, and at no cost to their commands, several thousand junior competitors participate in JROTC service championships which begin with postal qualifying matches, continue with overall service championships and culminate with the National JROTC Air Rifle Championship.

In support of the JROTC programs, which include cadets of the Army, Marine Corps, Navy and Air Force, the CMP budgets more than \$160,000 for higher education scholarships for JROTC and high school shooters each year.

Opportunities for juniors to grow in air rifle and air pistol continue to develop. With the addition of the CMP's Mobile Range, competitors who reside far from our Anniston and Camp Perry marksmanship centers can participate in events closer to home if they live in Western and Southwestern states. The range is a self-contained electronic target range complete with up to 60 firing points that can be driven to a remote site, assembled and ready to fire at convention centers, gymnasiums or any indoor venue with sufficient space to set up a 10-meter range.

Thanks to the generous support of MidwayUSA, the CMP continues to offer CMP Regional and National Air Rifle Championships to juniors. The event begins as a postal event and culminates in a national championship in the summer. The competition provides junior air rifle shooters the opportunity to further develop their marksmanship skills in the growing sport of three-position air rifle. Funding from MidwayUSA helps defray operating expenses and provides high-performing clubs with endowments to help grow their programs.

The CMP also provides financial assistance for eligible members of junior highpower rifle teams that compete in the National Trophy Rifle Matches during the annual National Matches at Camp Perry, Ohio.

This program was developed to support the junior highpower service rifle programs of CMP-affiliated state associations and clubs and to encourage junior shooters to become actively involved in highpower service rifle competition. For qualified junior shooters, CMP provides travel assistance for competitors who live a considerable distance from Camp Perry.

CMP offers entry level events such as the CMP Rimfire Match which allow families, grandparents, father/mothers and sons/daughters to compete together. The annual National Rimfire Sporter Match is held at the Eastern, Western and CMP National Games in North Carolina, Arizona and Camp Perry, respectively. The Rimfire Sporter Match is a very exciting entry-level competition for junior and adults who can participate by using their favorite .22 caliber, off-the-rack plinking rifle.

Each year, more than 12,000 junior competitors take advantage of the CMP's indoor Marksmanship Centers at Camp Perry, Ohio and Anniston, Alabama. The twin facilities house 80 10-meter, state-of-the-art computer-scored firing points for three-position air rifle and air pistol. In addition to hosting championships and monthly matches, each marksmanship center is open for public shooting twice a week.

The marksmanship centers are also home to annual summer air rifle camps where hundreds of juniors assemble each year to hone their skills under the supervision of veteran coaches and collegiate shooters.

The CMP also publishes the quarterly **On The Mark** magazine dedicated to junior competitive shooting and coaches. The hard-copy and electronic

magazine features news stories, training features, photographs and lots of information about shooting opportunities for junior shooters and their coaches.

If you are a junior, or the parent or guardian of a junior interested in learning firearms safety and marksmanship skills, contact CMP, a CMP-affiliated club or JROTC program in your community. For more information, log onto www.TheCMP.org.

Our Vision
That Every Youth in America Has the Opportunity to Participate in Firearm Safety and Marksmanship Programs

CMP PROGRAMS

CMP PROGRAMS

The mission of the Civilian Marksmanship Program is to promote firearm safety and marksmanship training for U.S. citizens with an emphasis on youth.

CMP programs provide safety and marksmanship training resources for junior and senior shooting clubs, JROTC units, 4-H Shooting Sports clubs, school and college shooting teams, Boy Scout camps, summer youth camps, state rifle & pistol associations and a wide variety of other organizations.

To most effectively deliver its programs, to avoid duplicating existing programs and to promote synergy among all shooting sports organizations, the CMP cooperates closely with other national shooting sports and youth-serving organizations that promote marksmanship and youth training.

The number of youth directly and indirectly served by the CMP continues to expand. Over 1,000,000 youth are now reached annually by CMP marksmanship training and education initiatives. They are enrolled in affiliated clubs, participate in marksmanship instruction or competition through JROTC units, belong to 4-H Shooting Sports clubs, take part in rifle programs at BSA or other youth summer camps or are active in other youth marksmanship programs supported by or affiliated with the CMP. When the adult members or leaders of these affiliated groups and the parents and immediate family members of the youth also are counted, it is likely that CMP programs reach more than two million people a year.

A listing of all CMP Programs and their description is available on the CMP website at: www.TheCMP.org

NATIONAL RIFLE AND PISTOL MATCHES

The CMP, along with the NRA and the OHNG, hosts the Annual National Rifle and Pistol Matches at Camp Perry, Port Clinton, Ohio every July and August. There are many events for competitive shooters to attend as well as clinics such as the Small Arms Firing Schools for beginner shooters.

For more information on the National Matches, contact the CMP Competitions Department at 419-635-2141 ext 714 or email competitions@TheCMP.org. A detailed list of events is also posted on the CMP web site at <http://thecmp.org/competitions/cmp-national-matches/>.

CMP CEREMONIAL RIFLE PROGRAM

The CMP proudly supports the U.S. Army's TACOM Life Cycle Management Command's Static Display and Ceremonial Rifle program by servicing and shipping M1 Garand rifles to eligible organizations for ceremonial purposes, at no cost to the government.

CMP armorers inspect, repair, test fire, install blank firing adapters and ship ceremonial M1 Garand rifles for TACOM at no charge. The CMP has been providing volunteers to inspect and repair ceremonial rifles at veteran organizations, when feasible, since 2003.

The following organizations may request ceremonial M1 Garand rifles by contacting TACOM directly: law enforcement agencies, veterans' associations, honor guards of national cemeteries and active military, National Guard and reserve units. The Secretary of the Army may conditionally lend or donate not more than 15 M1 Garand rifles to an eligible organization.
