

HOME RANGE APPRECIATION SERIES PROGRAM

The CMP is pleased to announce a special series of matches for Summer 2020. These matches are focused on promoting match participation at the local level, and cover a wide range of shooting disciplines, including highpower rifle, pistol, games events, air rifle and smallbore. What makes these matches unique is that the scores from all the matches will be compiled together, and all participants will receive a commemorative t-shirt and coin. In addition, sponsors will be providing awards such as gift certificates, memorabilia and ammunition.

GENERAL INFORMATION

Each local match will be sanctioned by a CMP Affiliated club. All matches MUST be fired by September 8 and results received by September 14. Late results will not be accepted. All results will be final on October 1. Individuals may register by contacting the match contact. A list of matches will be posted on the CMP Webpage at: <https://thecmp.org/competitions/home-range-appreciation-series/>, and will be updated as matches are added. Participants may fire in more than one event of the same discipline, but only the scores of the first event will be recorded, with the exception of the White Oak 1600 Aggregate which is two 800 Aggregate matches. This event maybe fired at different locations for competitors to complete their two 800 Aggregate matches.

SAFETY

The CMP would like to remind clubs to follow all state and local health guidelines and safe range practices. We also recommend each club follow guidelines to keep their facilities safe, such as: following state and local laws and adherence to health advisories, limiting/spacing the number of participants who congregate for safety briefings, spacing out firing points, leaving empty firing points between shooters, ensuring participants wear masks, covering their nose and mouth, washing hands frequently and/or providing disinfectant wipes and continuously cleaning common surfaces such as shooting benches & equipment.
