c. Protest: If, after following the procedures specified in CMP Rule 3.13, a competitor is dissatisfied with the outcome, he or she should file a written protest. It should then be filled out, signed and submitted to the Match Director within one hour of completion of firing for the day. The Match Director will chair the Protest Committee with one representative from each service. The decision of the Protest Committee will be final.

14. WEAPONS AND AMMUNITION:

a. Weapons/Ammunition: All weapons will meet criteria as specified in Section 4.1 of CMP Rules. Competitors are responsible for furnishing and safeguarding their own weapons. Competitors will furnish their own ammunition for all matches.

b. All expended brass will be picked up by the shooter and may be kept, however if the shooter does not want the brass, their team captains may collect it at that time. Otherwise, the brass goes in the brass receptacles provided on the range and becomes government property for turn in.

15. SCORING:

a. Scoring will be after each ten-shot string. After scoring is complete, the competitors will paste a new center on their target.

b. When a competitor and scorer cannot agree on the value of a shot, either can request the Block Officer to insert a scoring plug. The Block Officer will insert the plug and the scorer will call the value of the shot. If the shooter disagrees with the call, he or she may challenge the value of the shot. The block officer will take the target with plug inserted to the referee for final scoring. The scoring plug will not be removed from a challenged target except by the referee.

c. The scorer will record the value of each hit on the scorecard. Each block must contain a score. Individual shots may be scored X, 10, 9, 8, 7, 6, 5, or M. If any other symbol is used it will be recorded in the results listings as a miss. The competitor's signature on the scorecard indicates that he concurs with the hit values. Any competitor who fails to sign their scorecard forfeits their right to challenge the score indicated on the card. Posted preliminary bulletin scores cannot be challenged if the competitor did not sign the scorecard prior to turning it in. Scores will not be eligible for awards if the scorecard is not turned in to the range officer within one hour of completion of firing.

16. FIRING PROCEDURE:

a. Individual Matches: Each competitor will complete a 900-point aggregate with appropriate weapon before leaving the firing line. Any competitor missing his designated relay will not be re-squadded unless approved by the Chief Range Officer. During Match 27 competitors will complete the entire National Match Course prior to leaving the firing line.

b. Team Matches: Team matches will be squadded.

c. Team Composition:

(1) To be eligible for the team championship aggregate, each designated team scorecard must list all firing members and alternates. Post, station, division, state, unit teams are allowed to compete in team matches 22, 23, and 24 only. Team captains may utilize firing members that are not listed on the team declaration card for team events, but accept that they will no longer be eligible for the team championship aggregate if they do so.

(2) Team composition must remain the same during all team events to be eligible for the overall team aggregate. Only six competitors may be listed as firing members and alternates, any four of which may comprise the firing members; the firing members may be changed (within the six listed) from match to match.

(3) The team aggregate score will be the sum of all scores fired in matches 22, 23, 24 and 25 by the designated team. The team members must remain the same throughout all four team matches to be eligible for the overall Interservice team champions.

(4) Service pistol teams will meet the eligibility requirements of the National Trophy Team

Matches, outlined in AR 920-30/OPNAV 3590. 7A/AFR 50-17/MCO P3590.13B. The only teams allowed to compete in the Service pistol Team event will be the teams representing the services and service component, for example US Army, US Army Reserve, or the US Army National Guard. The exception to this will be those services (Navy, Air Force and Coast Guard) that do not have a standing marksmanship unit or team may combine all of their personnel into one service team. For example the US Navy team may be composed of active and Navy Reserve members but will be called the US Navy team. Two teams will be allowed for each service component.

(4a.) ****RULE CHANGE**** During the 55th Annual Interservice Pistol Championship conducted in 2014, a team captain's meeting was held in which the Army, National Guard, Army Reserves, Marine Corps, Navy, and various post and station teams from all services were represented. The decision was made that personnel who participate as a firing member in the Interservice Service Pistol Team Championship team match would be considered "burned" at Interservice and would henceforth be declared an "old shooter" for the purpose of the Interservice Pistol Championship from that point forward.

(5) New and old shooter status for the National Matches will not change for service pistol team members firing in the Service Pistol Team Championship at the Interservice Championships; however, they will have old shooter status for all lower levels of competition.

(6) Declaration of team composition for all team events must be turned in to the Match HQ by close of business on the day prior to the first team match (deadline 1600 Sunday, 12 June 2022).

(7) "Out of Competition" teams will be authorized during team events up to range capacity; however, teams firing out of competition must declare their team is out of competition prior to the start of the match.

d. Relays will not rotate firing times. Relay 1 will be squadded with the high masters and will fire first each day.

17. PUBLIC INFORMATION:

a. Public Affairs personnel accompanying teams will report to the USAMU PAO Ms. Michelle Lunato, at (706) 545-5436 at USAMU HQ. Sharpe Hall, Bldg. 243 as soon as possible.
