SFC Brandon Green Fires 2023 First Shot

By Sheri Trusty, CMP Feature Writer

Sgt. 1st Class Brandon Green, USA, fired the First Shot to officially open the 2023 National Matches at Camp Perry.

Army Sergeant First Class Brandon Green arrived at Camp Perry a few days ahead of the rest of his U.S. Army Marksman-ship Unit (AMU) teammates. SFC Green was asked to fire the ceremonial First Shot at the National Matches on July 10, and he wanted a few days, he said, to collect his thoughts and prepare the speech he would give before the hundreds of people who would descend on the grounds to celebrate 116 years of National Matches history.

But he got sidetracked. As he walked across the Petrarca Range parking lot, he stopped to watch men and women compete in the Smallbore Prone Iron Sight Championship and to talk to CMP Smallbore Program Manager Brad Donoho.

"I told Brad it looked fun and said I'll have to find a rifle," Green said. "Brad said I've got a guy who has an extra rifle. I borrowed a gun and borrowed ammo and had a lot of fun."

It was an inconspicuous entry for a highly successful soldier. He is a 20-year member of the specially-trained USAMU. He won the Interservice Long Range championships five times, the NRA National Long Range Championships two times, and the Interservice Individual Championship four times.

"His historic 2018 shooting season finished with Brandon earning four individual national records, capturing his first President's 100 Match win in dramatic fashion. He set a new national record – a perfect score of 400, with a 20 'X' count," said First Shot Ceremony emcee and CMP Programs Chief, Christie Sewell. "That year he also won his third National Trophy Individual championship and third Mountain Man Trophy, setting a new national record."

Green won three NRA National Highpower Championship titles, an NRA Long Range Championship, and became the first person in history to win all four individual matches in the series.

"It is an honor for me to be asked to shoot the first shot," Green said. "As a competitor and throughout our training, we really harp on consistency – consistency in training, consistency in your diet, consistency of your shot execution, your planning of the match – but the absolute most consistent thing for me in coming here to the National Matches at Camp Perry, is that it consistently gets better every year."

Green was given the opportunity to choose his gun for the ceremonial first shot, so he chose the bolt-action Winchester Model 70 that Director Emeritus of Civilian Marksmanship,

Continued on Page 3

Sgt. 1st Class Green posed with DCM Emeritus, Gary Anderson. Green fired the M70 bolt rifle used by Anderson who fired the same rifle in 1971 that set the National Matches 200-yard standing record.

National Trophy Pistol Matches

A Message from the CMP:

The CMP is pleased to provide you with this complimentary printed edition of the Final Results of the 2023 National Trophy Pistol Matches. A total of 3,475 entries were recorded over the series, which began on 10 July and concluded on 16 July. This year saw the introduction of a new range configuration, with target lines set at both 25 and 50 yards to eliminate the need for competitors to move between stages – easing physical strain and accelerating match times for those involved. We thank you for your encouragement as we continue to enhance our events through these contemporary concepts.

During the pistol phase, traditional team and individual events like the President's Pistol and the National Trophy Individual matches integrated with modern competitions like the 900 and 2700 Pistol Aggregates as well as the CMP Service Revolver EIC Match. Just as in past years, each event revealed several exceptional marksmen and women on the firing line.

Noteworthy performances of the 2023 National Pistol Matches:

- Jonathan Shue, 42, Liberty, North Carolina – Received the Steve Reiter Cup as Match Pistol 2700 Any Sights National Champion for the second year
- AMU – Blue (SSG Carl Clegg, SFC Ryan Franks, SFC Joshua Kingery, SSG Christopher Hudock and SFC Greg Markowski) – Recipients of the T.D. Smith Memorial Trophy as the winning 4-Man Team in the Pistol Aggregate
- John Bickar, 46, Menlo Park, CA – Overall winner, President's Pistol Match
- SFC Ryan Franks, 35, Ellerslie, GA – Overall winner, National Trophy Individual (NTI)
- SGT Jason Gregoire, 35, Midland, GA – Overall winner, Service Revolver EIC Match
- Nick Milev, 18, Ossona, MI – Overall winner, Junior President's Pistol Match and Junior Individual Pistol Match
- USAMU (SFC Ryan Franks, SFC Greg Markowski, SSG Carl Clegg and SFC Ryan Adams) – Overall, National Trophy Team (NTT) Match
- Cabot Guns (William Palmer, Jonathan Shue) – Winning 2-Man team in the .45 and Center Fire 900 Aggregate and 2700 Aggregate matches
- ILT Lisa Emmert Traciak, 27, Colorado Springs, CO – High Woman, President's Pistol, NTI and Pistol 2700 Aggregate
- Tanya Chowdary, 16, Belle Mead, NJ – Overall High Junior, Pistol 2700 Aggregate

We would like to extend our sincere appreciation to the many organizations and individuals who contributed to the success of the National Matches, including military teams and coaches who helped direct another valuable Pistol Small Arms Firing School; CMP staff and Support Team members who operated with proficiency and professionalism; our sponsors; The Ohio Army National Guard Camp Perry staff and soldiers who carried out the National Matches Military Support mission.

As always, we're grateful for your lasting support of the CMP. We look forward to seeing you at more events throughout the year, and we hope you'll meet us again on Camp Perry's ranges in 2024.

Christie Sewell, CMP Programs Chief

National Trophy Rifle and Pistol Matches

The National Trophy Rifle and Pistol Matches are the annual U. S. National Championship in service pistol and service rifle shooting. The National Trophy Matches were established by federal law in 1903, are still conducted under the statutory authority of the U. S. Code (Title 36 USC § 40725-40727) and are now governed by the Civilian Marksmanship Program. Shooters from all over the U. S., civilian and military, test their skills and compete to determine the nation's best service pistol and rifle shooters. To fulfill the CMP's statutory responsibility to "instruct citizens in marksmanship," the National Trophy Rifle and Pistol Matches are open to all shooters regardless of skill level. Beginners compete and learn while shooting side by side with champions. The tradition of the matches and their competitions for prestigious national trophies celebrate marksmanship excellence and provide incentives to develop individual marksmanship skills, equipment and a national competition infrastructure. The CMP National Trophy Rifle and Pistol Matches are held with support from the Ohio National Guard and U. S. Army Reserves who provide vital support for the matches. The CMP National Trophy Rifle and Pistol Matches and the CMP Smallbore, Air Gun, Mid-Range, and Long Range Matches are collectively known as the **NATIONAL MATCHES**.

The Civilian Marksmanship Program publishes this Special Edition of the *2023 National Trophy Matches Results Bulletin* as part of its programs to promote competitive shooting. Other current CMP competition programs include:

- ◎ Conduct of the **National Trophy Rifle and Pistol Matches** as part of the annual National Matches.
- ◎ Publication of **CMP Competition Rules** to govern the National Trophy Matches and service rifle and service pistol shooting in the U. S.
- ◎ Publication of **U. S. Army Marksmanship Unit Guides** on Service Pistol, Service Rifle, International Rifle and International Skeet and Trap.
- ◎ Production of **U. S. Army Marksmanship Unit Training DVDs** on bull's-eye pistol and highpower service rifle.
- ◎ Awarding of **Distinguished Rifleman, Distinguished Pistol Shot, Distinguished Rimfire .22 Pistol, Distinguished Service Revolver and Distinguished International Shooters Badges**.
- ◎ Sanctioning of **Excellence-In-Competition Matches** in service pistol and service rifle.
- ◎ Conduct of recreation-oriented CMP Games Matches that now include the **John C. Garand, Springfield, Vintage Military Rifle, M1 Carbine Match, Rimfire Sporter, Modern Military and Vintage Sniper Rifle Team Matches**.
- ◎ Sanctioning of **Club Matches** for Garand, Springfield, Vintage Military Rifle, M1 Carbine Rimfire Sporter and Vintage Sniper Rifle Team events.
- ◎ Sanctioning of **Club Rifle Clinics**.

CMP First Shot Ceremony Continued

Continued from Inside Cover

Gary Anderson, used in 1972 to set the only perfect 200-yard standing slow-fire score at the National Matches.

The gun's story begins long before that historic shot.

"This gun plays a special role in the history of marksmanship," said Anderson, who attended the First Shot Ceremony. "It started as my dad's rifle and was converted to a match rifle. In 2019, I used it to shoot the first shot, so it's been here at the First Shot Ceremony a couple times."

The July 10 First Shot ceremony was attended by hundreds of marksmen, National Matches competitors, and dignitaries in the political, marksmanship and military worlds. Guest speakers were Congresswoman Marcy Kaptur (OH-09); Congressman Bob Latta (OH-05); Major General John C. Harris Jr., who serves as Ohio's Adjutant General; and Gerald O'Keefe, Chairman of the Board and Chief Executive Officer of the Civilian Marksmanship Program.

Congressman Latta is a longtime marksman and National Matches competitor who plans to shoot in three matches this year. He said his father first came to Camp Perry for National Guard training, and shooting sports eventually became a family activity.

"It's important to pass that tradition down to the next generation. I was fortunate to have a dad who was a hunter and a marksman," Latta said. "Camp Perry is my very favorite place in the world."

O'Keefe talked about the impact the National Matches' long history has made on marksmanship, and he said the CMP is committed to carrying that impact into the future. CMP is tying its history and future together in its updated branding, "CMP – the Home of Marksmanship."

CMP works tirelessly to promote marksmanship through the four pillars of firearms training, safety, competitions and youth programs, and it has ambitious plans to widen the reach of shooting sports across the country. CMP is constructing a modern indoor airgun and smallbore marksmanship center in Columbia, Missouri, and is researching options for establishing a presence in the West.

CMP is embracing technology in its effort to maintain relevance and inspire the next generation of marksmen. It recently purchased two Laser Shot Simulation Systems, has plans to modernize electronic target systems, and is looking into entering the world of Esports.

As CMP carries marksmanship into the future, it will keep one eye on the past. History will always have its place at the modern National Matches, as it did when Green shot Anderson's Winchester Model 70.

"To shoot it was absolutely a huge honor," Green said. "I was shooting a piece of history."

View a highlight video of the First Shot Ceremony at <https://youtu.be/DeXPZlnvkLs>. Photos may be viewed and downloaded at <https://cmp1.zenfolio.com/p884066828>.

The ceremony was attended by several competitors, guests and dignitaries.

Zion Benton HS NJROTC of Illinois provided the color guard for the First Shot Ceremony.

Vintage aircrafts greeted guests with a few fly-overs.

Sgt. 1st Class Brandon Green fires the cannon at the conclusion of the ceremony.

Shue, Others Mark Repeat Wins During Pistol Aggregates

By Ashley Dugan, CMP Writer

CAMP PERRY, Ohio – Though full of hundreds of gifted athletes, the Pistol Aggregate series of the 2023 National Matches at Camp Perry saw many returning winners, with a few fresh names rising to the top.

The Pistol Aggregate events, facilitated by the Civilian Marksmanship Program (CMP) each year on the historic grounds of the Camp Perry Training Facility in Ohio, feature .22, .45 and Center Fire 900 Aggregate individual and team matches along with a culminating Pistol 2700 Aggregate for those who fire in all three categories. Awards for leading performers of the matches are distinguished between military and civilian competitors as well as Any and Metallic sights. Classification honors for High Master, Expert and other marksman levels offer further award opportunities for participants on the line.

Earning the Steve Reiter Cup as the Pistol 2700 Any Sights Aggregate winner for the second year was Jonathan Shue, 42, of Liberty, NC, with a score of 1757-87X. Shue continues to be the lone recipient of the trophy, having claimed the win at the 2022 National Matches when the award was first introduced. Along the way to his 2023 victory, Shue found the overall spot in the Center Fire Pistol Aggregate and the Overall High Master title for the second consecutive year.

Shue joined William Palmer, 54, of Matthews, NC, to form team Cabot Guns in the 2-Man Team event, reaching a score of 1163-48X for the top spot. The pair commanded the competition, winning by over 20 points.

Also earning notable repeat marks in the Pistol 2700 was Tanya Chowdary, 16, of Belle Mead, NJ, who was the overall Any Sight Junior with a score of 1670-49X, and 1LT Lisa Emmert Traciak, 27, of Colorado Springs, CO, who obtained the Any Sight Woman title with a score of 1701-64X to land in 27th place amongst the field of over 300 competitors.

SSG Mate Standard, 34, of Waverly Hall, GA, was the overall winner of the Pistol 2700 Metallic Sight competition

Jonathan Shue received the Steve Reiter Cup for the second year as the 2700 Any Sight winner.

with 1717-50X, while CPT Ames Evans, 30, of Columbia, MD, overtook the .22 Rimfire match with 1723-64X.

Other notable individuals reaching success in the Any Sight 900 Aggregates this year was Roy Dean, 67, of Bandon, OR, in .22 and John Zurek, 60, of Alpine, AZ, in .45. Classification honors included (Master) SSG Christopher Hudock, 33, of Columbus, GA, (Expert) CPO Charlie Petrotto 38, of St. Louis, MO, (Sharpshooter) Robert Feldmeyer, 44, of Queen Creek, AZ, and (Marksman) 1SG Sonny Pearman, 37, of Crawfordsville, IN.

Finding the win in the 4-Man Pistol Team Aggregate to earn the T.D. Smith Memorial Trophy, also introduced at last year's event, was AMU – Blue. The team consisted of members of the U.S. Army Marksmanship Unit (USAMU). Helping to reach a collective score of 2324-106X was SSG Carl Clegg, SFC Ryan Franks, SFC Joshua Kingery, SSG Christopher Hudock and SFC Greg Markowski.

Both AMU – Blue and Cabot Guns additionally led the 4-Man and 2-Man team results, respectively, in the Center Fire and .45 Pistol team events during the week.

To kick off the National Matches, a Pistol Warm-Up Match was held at the start of the pistol phase, with last year's winner SFC Greg Markowski, 49, of Fortson, GA, reaching the overall win in the Any Sight portion with a score of 889-50X. Last year's .22 Rimfire winner, CSM Steven Slee, 59, of Dimondale, MI, found a repeat win of his own in the event, while Richard Kang, 56, of Delmar, MD, emerged to lead the Metallic Sight competition. Kang is a decorated pistol marksman – triple-distinguished in Service Pistol, Revolver and .22 Rimfire Pistol disciplines.

Slee Earns Continued Success

By Ashley Dugan, CMP Staff Writer

Command Sgt. Maj. Steven Slee, 59, of Dimondale, Mich., has found a way to keep competitive in a sport he has loved his entire life, despite the challenges that come with the passing years.

Triple-Distinguished in Service Rifle, Service Pistol and .22 Rimfire Pistol, Slee began competitive smallbore .22 caliber rifle shooting at 14 years old with a local sportsman's club. Now, over four decades later, he's coming back to his roots after a career that has brought him many profound experiences and lifelong memories.

"When I was young, I had a fascination with all things Army, including firearms," he explained. "I guess I wanted to march in formation, wear a uniform and shoot guns."

He had his chance when he enlisted in the Army Reserve in 1982. A few years later, in 1984, he learned of the Army's shooting program. He tried out and made the 5th Army Rifle Team, going on to join the Army Reserves Rifle Team the following spring. Later, he became the Non-Commissioned Officer in Charge of the Army Reserve Service Pistol Team.

"I am still trying to earn credibility with a pistol," he said. "I do find pistol a little more convenient in that I don't have to go through the physical strain caused by the firing positions in rifle."

In recent times, wrist and elbow issues have limited him to .22 pistol competitions to avoid the impact the larger calibers cause, though he still shoots service pistol on occasion. Accepting his ailments, he has gone on to find success.

At the 2023 Civilian Marksmanship Program (CMP) National Matches at Camp Perry, Slee led the .22 Rimfire Pistol portion of the Warm-Up Match and found second in the .22 Rimfire Pistol portion of the Pistol 2700 Aggregate, while also claiming the High Military title.

"I do like to succeed and win. Being recognized among your peers is an honor," he said.

Outside of pistol, Slee also found his sixth overall win in the O-Class of the 2023 Rimfire Sporter Rifle Match – dedicated this year in honor of local fallen soldier and past National Matches competitor Max Soviak. The match features three different classes for competitors: O-Class for open sights, T-Class for telescopic and TU-Class for tactical/unlimited.

Slee had previously won the O-Class in 2021, 2018, 2016, 2010 and 2009 and holds the national record overall score, which he set at the 2016 match. Astoundingly, Slee also found his first overall win in the T-Class in 2023 by one point over current record holder, Samuel Payne.

"It has to do with goal setting," he explained of his victories.

"The other major factor in winning is having confidence in your ammunition and equipment. I meticulously group tested at least 15 lots of ammunition to learn which would deliver an acceptable group," he went on. "My goal was finding a rifle/ammo combination capable of benching a 10-shot group no bigger than three-quarters of the X-ring at 50 yards. Believe it or not, that is possible with an off the shelf rifle and quality ammunition."

For Rimfire Sporter Rifle, he uses a Ruger 10/22 with the factory light varmint barrel and an added Kidd target trigger. His favorite rifle for the O-class category is an out-of-the-box CZ 452 Trainer that he borrows from a friend.

"When I learned about Rimfire Sporter, I set a performance goal that I figured would give me a win at just about any match and set out to achieve it."

It's a strategy that seems to have worked for him over the years, especially during the National Matches.

His first year competing at Camp Perry was in 1985 when he shot the National Trophy Matches and National Rifle Association (NRA) Championship with a service rifle. He has since returned many times as a firing member of the Army Reserve Service Rifle Team, where he competed in around 25 National Trophy Matches and 15 NRA National Rifle Championships.

"I do have my name carved in a couple of the National Matches and NRA Championship Trophies," he admitted.

Though he sometimes competes with his service pistol, Slee has become accustomed to firing his .22 in matches.

Though he sometimes competes with his service pistol, Slee has become accustomed to firing his .22 in matches.

Through Reinventing Lifelong Passion

Though his involvement with service rifle has waned, he does find himself shooting the occasional vintage military match and other CMP Games events. He tries to compete at least monthly throughout the summer, and during the winter months, he shoots weekly in a .22 indoor pistol league using a Walther LP-400.

He also makes the trip to Camp Perry to participate in the Monthly Air Gun Matches held at the Gary Anderson CMP Competition Center throughout the year to stay on top of his game as well as to lead others in their own marksmanship journeys.

"The Monthly Air Gun Match is an excellent venue for our junior and collegiate teams," he said. "I was fortunate in having the opportunity to coach both here in Michigan starting about eight years ago. I like shooting alongside our athletes with the goal of giving them an opportunity to beat the coach. It is great to see their eyes light up when they do well."

Introducing competitive shooting to youth and service members alike is an important mission to Slee and one that he holds in high regard. It's all part of his efforts in passing on his knowledge to new marksmen and women for the benefit of generations to come.

"I believe it is extremely important to have citizens and soldiers that know how to effectively engage and hit a target," he said. "One thing that I have learned from my 40 years in the Army Reserve is that the Army does not grow marksmen – competitive events governed by the Civilian Marksmanship Program does."

He went on, "I'd like to share my gratitude with the entire CMP leadership and staff for their continued efforts in promoting marksmanship training, and for modeling the premier arena for firearms competition."

Outside of competition, Slee enjoys his work supporting soldiers in the Army Reserve as a Division Command Sergeant Major as well as fixing and repairing items around the house, building and remodeling, getting outside in the woods and trails and hunting or four-wheeling. And as for his future National Matches plans...

"I think after I retire, I will be coming back out of habit," he said.

In Rimfire Sporter, Slee was the overall winner of the O-Class for the sixth time in his career. Slee enjoys the Rimfire Sporter Rifle Match and competes each year at the National Matches.

Command Sgt. Maj. Steven Slee has been in the Army Reserve since 1982.

In 2016, Slee set the O-Class national record score of 594-23X at the National Rimfire Sporter Match.

Marksman Class Teaches Gun Safety and More

By Jennifer Green,
CMP Feature Writer

The Pistol Small Arms Firing School (SAFS) started out with a bang at the National Matches at Camp Perry. The Small Arms Firing School took place on July 10th, 2023, and is geared toward new and intermediate shooters and provides classroom instruction and ends with shooting an Excellence-In-Competition (EIC) match to finish off the day.

Participants gathered in the Hough Theater to begin the SAFS class. SSG Ryan Franks and SSG Walter Johnson of the U.S. Army Marksman Unit Service Pistol Team led the instruction. The class covered the basics of pistol marksmanship, discussing minimizing arc of movement, sight alignment and trigger control before explaining the EIC match and course of fire.

SSG Johnson hopes that students take away the “safe application of pistol marksmanship.” Each participant in the class was issued an M9 pistol and ammunition on the line. This allows an opportunity for anyone to learn, even if they don’t own a pistol. Participants new to pistol shooting were walked through a real match with a coach standing right behind them, providing top of the line instruction to introduce them to the sport safely.

The USAMU instructors’ passion for marksmanship was palpable as they explained pistol safety and provided many opportunities for questions and one-on-one instruction throughout the day. Additional coaches and the USAMU gunsmiths were available to make sure everyone could get individual learning time and get familiar with the M9 pistol.

SSG Johnson said that he and his team “work very hard to provide information to participants at any level in this class. If you’ve never touched a pistol or you’re someone who has shot this several years in a row, we want to make sure that everyone is getting some kind of positive information and apply it immediately out here right on the range.”

For the range portion of the class, there was roughly one coach for every two participants. There were six strings of fire; three practice strings and three EIC match strings. The first string was 10 shots slow-fired in 5 minutes. The second string was 2 strings of 5 shots in 20 seconds for a total of 10 shots. The last string is 2 rounds of 5 shots in 10 seconds for a total of 10 rounds. The top 10% of shooters who did not already have EIC points were eligible for 4 points towards the 30 points needed to earn the Distinguished Pistol Badge. A total of 17 competitors earned points with the unofficial cut-off score of 223-3X.

Jason Kozora, a first-time pistol SAFS course participant, was impressed with the coaching. “The instruction was fantastic, hav-

The Small Arms Firing Schools begin with classroom instruction that covers safety, fundamentals and trigger control among other topics.

After the classroom portion, participants received training on handling the M9 pistol.

The Small Arms Firing School concludes with an M9 EIC Match.

Pistol SAFS Continued

Two participants pose with their instructors.

ing no real pistol background, the coaches tweaked my position and got me zoned in and helped me identify things I need to work on” he said. Jason also appreciated the information on how a pistol match is set up. Kozora has a background in rifle and noted that the pistol match set up is “completely different.”

Much of the instruction was about the mental part of shooting, with coaches reminding students to think positively, using positive talk to focus on what they did well and what they can improve, instead of focusing on negative things.

Col. Greg Kitchens, who usually attends the advanced pistol course, was a line coach at this year’s SAFS class. The Colo-

nel is retired Marine Corps and spent the last five years in the reserve running the Marine Corps Reserve Marksmanship Unit. Col. Kitchens wants his students to have fun, learn safety and have an appreciation for the fact that this sport is challenging. “It’s difficult, there’s no instant gratification, but if you work at with dedication it you can do well. I’m just glad more people are coming out” he stated.

For more information on signing up for the upcoming Rifle Small Arms Firing School, please visit: <https://thecmp.org/training-tech/small-arms-firing-schools/>.

After firing, students go down range with their instructor to review their target and learn.

After the classroom portion, participants head out to the range to receive additional training on the range. Here, Col. Kitchens explains the stance for pistol shooting.

2023 Ohio Triple Crown Results

From Jim Henderson:

Hello Everyone!! Finally getting around to posting the results for the 2023 Ohio Triple Crown!!! Yes I know it has taken me awhile to make it happen. It's a busy time of the year! I'd like to make a special mention about Ethan Clark. Not only is he a Junior but he also is the first ever Triple Crown winner!!! Ethan won the Sharpshooter class at all three events (amongst those that entered the Triple Crown)!! His efforts won him \$525! Red Feather Outfitters has committed to seeding the Sharpshooter pot with \$200 for next year! Thanks very much RFO!

I'd also like to thank our sponsors:

Accuracy X Inc	Pardini USA	Michael Curtis	Dane Hogle Technologies	Kodiak Machine
Canton McKinley Rifle and Pistol Club			The Civilian Marksmanship Program	

Cardinal Payouts:

High Master Aggregate: Jonathan Shue - \$120
Master Aggregate: Christopher Neil Roberts - \$120
Expert Aggregate: David Treaster - \$120
High Guard/Reserve: Lisa Emmert-Traciak - \$100
High Active: Ryan Franks - \$100
High Civilian: Grayson Palmer - \$100
High Junior: Ethan Clark - \$100

CMP Payouts:

Overall High Aggregate: Jonathan Shue - \$1,000

ORPA Payout:

Triple Crown Sharpshooter Winner: Ethan Clark - \$525

Accuracy X Inc gave a \$1000 gift certificate for future upgrades or purchases to the high Marksman.

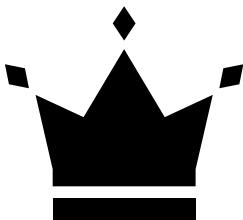

Mike Curtis gave a NM 1911 barrel to the High Sharpshooter.

Dane Hogle Technologies gave an RDS system the High Woman.

Kodiak Machine gave a an H1/H2 mount and a set of shades to the High Expert.

Thanks again to everyone that entered into the Ohio Triple Crown! Without all of you and our amazing sponsors this match doesn't happen. I hope to see more of you out here next year!!

Bickar, Franks Claim Top 2023 Events

SFC Ryan Franks led the National Trophy Individual Match.

By Ashley Dugan, CMP Staff Writer

CAMP PERRY, Ohio – Narrowly reaching the high score in the President's Pistol Match at the 2023 National Matches by just three x-ring shots, John Bickar, 46, of Menlo Park, CA, has now added his name to the list of gifted athletes who have won the coveted competition over the last four decades. The event was held as part of the annual Pistol series fired at Camp Perry in July, facilitated by the Civilian Marksmanship Program (CMP).

The President's Pistol Match saw steep competition in 2023 – with the top five places separated only by one point. Bickar netted the win with a score of 386-13X.

Likewise, SFC Ryan Franks, 35, of Ellerslie, GA, led the respected National Trophy Individual Pistol Match with a score of 295-13X. His performance was two points shy of the current national record, set by SSG James Henderson in 2009. Franks, who earned the overall individual service pistol aggregate title in 2022, achieved the honor again in 2023.

Later, he joined teammates SFC Greg Markowski, SSG Carl Clegg and SFC Ryan Adams to help claim the win in the National Trophy Team Match with a commanding score of 1130-34X – 24 points above second place finishers CRPA Scarlet, the High Civilian team.

SFC Adams went on to overtake the Military & Police Service Pistol Match with a score of 383-12X, clearing teammate SSG Hudock by a point. Though he fell short in the Military event, Hudock surpassed Adams to victory in the As-Issued 1911 competition.

Also in tight competition was Frederic Coffee, 58, of Bedford, OH, who squeaked out a win by x-count in the M9 Pistol Match held along with the Pistol Small Arms Firing School – recording a score of 257-5X.

Similarly, SGT Jason Gregoire, 35, of Midland, GA, found a win of his own by x-count in the CMP Service Revolver EIC Match with a score of 377-11X, just five above the second place competitor last year's Revolver winner, SFC Greg Markowski.

David Lange, 54, of Glen Rock, NJ, scarcely led the .22 Rimfire EIC Pistol Match by two points, with a score of 288-7X. In 2015, Lange earned Distinguished .22 Rimfire Pistol Badge #1 after being the first to reach the necessary amount of EIC (excellence-in-competition) points to receive the distinction. The Rimfire Badge is one of three #1s Lange holds – each part of the five Distinguished Badges he's achieved over the years.

Other outstanding individuals were juniors Nick Milev, 18, of Ossona, MI, and Charisma Owen, 20, of Wichita Falls, TX. Milev was the overall athlete of the Junior President's Pistol Match while going on to earn the G.P. Perry DeFino Trophy as the winner of the Junior Individual Pistol event. He also led the .22 Rimfire Pistol Junior Aggregate. Owen gave consistent performances as well during the week, firing the high aggregate score between the President's, National Trophy Individual and National Trophy Team events.

Also noteworthy was 1LT Lisa Emmert Traciak, 27, of Colorado Springs, CO, who earned the Rose Krelstein Trophy as the high woman in the President's/National Trophy Individual Aggregate. Her score of 659-26X was just one away from the cur-

CMP Pistol Matches Continued

rent national record, which she set herself in 2022. Emmert Traciak additionally earned the high woman title in both the President's and National Individual events along with the National Guard Association Trophy, Military Police Corps Trophy and the General Mellon Trophy.

As in past years, the GLOCK Shooting Sports Foundation (GSSF) National Challenge was part of the National Matches schedule. The event is designed to accommodate new and seasoned competitors and includes five different 10-shot series from 5, 7, 10, 15 and 25 yards in four divisions: Stock, Unlimited, Rimfire and the new MOS (Modular Optic System) grouping. All shots on target are scored, with no penalties given for missed or unfired shots. Awards were presented to overall competitors as well as for High Guardian, High Junior, High Lady and High Senior categories.

Overall scorers of the GLOCK National Challenge (each earning perfect scores of 500) were:

Stock: Jack Ragsdale, 65, Lumberton, MS

Unlimited: SSG Mate Standard, 34, Waverly Hall, GA

Rimfire: Capt Nick Roberge, 47, Fredericksburg, VA

MOS: 1SG Lance Espinosa, 58, Skandia, MI

Over 250 competitors participated in the GSSF CMP National Challenge.

Bickar Achieves Dual Victories with Late Mother's Pistol

Bickar poses with his mother's pistol next to the President's 100 Rifle Trophy.

By Jennifer Green, CMP Feature Writer

John Bickar of Menlo Park, California, made his return to Camp Perry after 22 years, competing for the 10th time in the National Matches. He had an impressive performance at the 2023 National Pistol Matches, most notably winning the President's 100 with a score of 386-13X and taking home the Oglethorpe trophy on his team, CRPA Scarlet, with a score of 1106-21X. Scores like that take work, and he was able to achieve success with training, preparation, support from his team, and a lifelong dedication to the sport.

The 1911 pistol Bickar used in the match holds extra meaning for him. With his personal gun at the gunsmith for maintenance due to 30 years of use, he pulled his mother Judy's pistol out of the safe to use in practice and matches. His scores kept going up with his mom's pistol and at a certain point he decided to use it as his main gun. He explained, "It was really meaningful for me to shoot that gun and win the Oglethorpe Trophy with my team, and to be able to win the President's Match with it." Before she passed away in 2003, Judy had earned 6 points while pursuing her Distinguished Pistol Badge.

Judy and John weren't the only Bickars to shoot pistol. John's dad Frank, who passed away in 1994, was the president of the Canton McKinley Rifle and Pistol Club in Canton, Ohio for 17 years and the Memorial Canton CMP Championship is named for him. John grew up watching his dad shoot in matches, eventually deciding that it might be

Bickar Achieves Dual Victories Continued

more fun to shoot than to watch.

While shooting the 2023 President's 100 and NTI Matches, he noticed some kids hanging around with their dads. It reminded him of the early days with his own father, whose advice carried him through the tough President's 100 Match. "My father used to say, you don't shoot for your average, shoot for your personal best every match. That's what I do."

In addition, using his father's wisdom, Bickar was able to utilize his years of training to stay mentally prepared throughout his matches. "I had to manage my expectations and energy level... making sure I'm bringing my best self to the line all the time. Not getting too low or too high."

John experienced a high point when he learned that he had placed first in the President's 100 and was waiting for the NTI to start. His teammate Matt helped him stay focused as his adrenaline spiked. "I still needed to bring in a new good number for my team."

John earned his Distinguished Pistol Badge #1017 in 1993 at the age of 16, the youngest to do so at the time. He continued to shoot pistol in college, competing in International style shooting and moving into the Olympic Training Center where he lived and trained for five years.

During that time, he traveled to many competitions including World Championships, Pan American Games, Championship of the Americas, and World Cup, all while continuing to shoot Bullseye Pistol. He earned his Distinguished International Badge #446 in 2001, adding to his accomplishments, and in 2018, Bickar earned his Distinguished Rifleman Badge #2385. John also earned the .22 Rimfire Pistol Distinguished Badge #25 in 2016.

Although Bickar has many individual accomplishments, deservedly so, he is much more interested in supporting his team. He is a team player through and through, in fact, every time I tried to track him down for a photo after he won the President's 100, John was busy focusing on his teams, CRPA Scarlet and Ultradot.

Jordan Kramp, Brian Mason, and Matthew Early joined forces with Bickar and set their sights on winning the Oglethorpe Trophy, which is awarded to the highest scoring civilian team in the National Trophy Pistol Team Match. A California team hasn't won it since 1985, and CRPA Scarlet was determined to break that 38-year streak.

Since the fall of 2022, the team has been training and preparing in northern California. They would text each other with encouragement and keep positive attitudes. When the day of the match came, the weather was less than favorable, raining nearly all day, mostly in a steady downpour. John joked, "Usually it's called precision pistol, that day we called it attrition pistol." Even with rain gear everybody was soaked to the bone, squinting through raindrops to see their sights, and relying on their teammates to push through each shot with a positive mindset.

The rain was no match for CRPA Scarlet. They carried on business as usual, depending on each other to do exactly as they planned, "Go up there and shoot, do your job, do what you know how to do and get it done." The team was victorious, they won the Oglethorpe Trophy and placed second overall, just behind the U.S. Army Marksmanship Unit Blue Team. John added, "I'm really proud to shoot with these three gentlemen, it was the highlight, more so than winning the President's Match."

If you are interested in shooting Bullseye Pistol, John recommends entering matches at your local club. The pistol shooting community is excited to share their passion with newer folks. Just last week, Bickar witnessed pistol competitor, Jonathan Shue, running up and down the line looking for a .22 conversion magazine for another competitor who was having malfunctions. All while he was shooting his own match. "The beauty of this sport is that people will bend over backwards to help you. Just get out there and shoot!"

I'll leave you with John's rules. In order, they are: show up, be safe, have fun. Everything else is gravy.

To find a local match or clinic, visit the CMP website at <https://ct.thecmp.org/app/v1/index.php?do=match&task=search>.

Judy Bickar (center) at the Canton McKinley Rifle & Pistol Club in July 1998.

John with his dad, Frank Bickar, at the Stark County Pistol League Banquet (April 1992)

October, 1992 Left to right: Judy Bickar, John Bickar, Frank Bickar (note that this was the '90s, and photography protocol at the time did not dictate that shooters keep their fingers outside the trigger guard on downrange shots. Guns were unloaded).

CMP's Top Pistol Junior: Nick Milev

Nick topped the leaderboards for the Junior President's and Junior National Trophy Individual Pistol Matches.

By Sheri Trusty, CMP Feature Writer

This year's High Pistol Junior, Nick Milev, traveled to the 2023 National Matches all the way from his home in Ossona, Italy, but he didn't come to compete. He came to visit his uncle, Olympic sport shooter Emil Milev, and experience American life. Arriving in Ohio during the National Matches was just happenstance, but, nevertheless, Nick blew through the matches with top honors.

"This is my first time in America and my first time competing in America," Nick said. "This competition was just a coincidence that I decided to seize with the goal to try something new."

Nick tried it, and he conquered it. He won the Junior National Trophy Individual Match, the Junior President's Match and the Air Pistol – Junior Championship Final. He placed 6th in the Air Pistol – Open Championship Final.

Although this was Nick's first American competition experience, the 18-year-old has been shooting since he was handed an air pistol at age 10. He started competing in 2018. Those years of marksmanship helped ease the intimidation of walking into Camp Perry for the first time.

"I came here, and Emil told me I should shoot the match. We went to the range, and I shot one day to learn the technique," he said.

Despite his success, Nick's goal coming into the National Matches was not winning but simply experiencing competition at Camp Perry.

"I like the atmosphere at Camp Perry. Everyone is so excited about shooting," he said.

The National Matches are very different than competitions in Italy, where Nick said marksmen keep their focus on performance.

"At Camp Perry, everyone was excited about the match – about how they're going to shoot and what technique to use. They ask

Nick, center, on the firing line at Camp Perry. This was his first time in America and competed in the National Matches.

Nick Milev Continued

each other how they're doing and are so helpful," Nick said. "I did like Camp Perry so much because in Italy there is not something like bullseye matches. So I came here in America, and my uncle taught me the rules and the technique. A few days later were the matches."

Nick was inspired to become involved in shooting sports after watching Emil compete in world championships across Europe.

"Since I was a kid, my family and I used to travel to where he had matches in Europe with the goal to meet him and also see the matches, too," Nick said.

The positive atmosphere at the European matches drew Nick to the sport.

"I was watching him, and I was watching the people watching him," Nick said. "He was happy, and the people were excited. He was smiling and proud of his shooting. I decided this is what I want to do. I saw my uncle as an example to follow, so I grew up with the desire to be a shooter. Also, my father was a shooter about 35 years ago, so I think he just gave me the passion of shooting."

Nick's marksmanship skills were greatly impacted by the training he received from Emil, particularly the mental training that is so vital in shooting sports.

"Emil helped me improve the mental part of shooting. In Italy, we train only in the physical, but he trained me in the mental, and it worked," Nick said.

Mental training transformed Nick's shooting.

"You have to be focused on what you are doing in shooting. You have to think only about what you are going to do next," Nick said. "Don't think about your life. You have to be able to mentally isolate yourself. You have to get into that mindset."

Nick's trip to America has widened his worldview.

"My life in Italy is so simple. Most of my time I go to school, and I train shooting every day at home and two times a week in the shooting range. Most of the nights, I hang out with my friends," he said.

Here in America, Nick has enjoyed experiencing a different culture and was astonished by some of the things American teenagers take for granted, like free drink refills at restaurants.

"I like America so much because everything is bigger in America than in Europe. It's so cool and so different from Europe," he said. "One thing that surprised me is that you can refill your drink. That's so cool. I like the hamburgers, chicken wings, donuts – basically everything I've tried."

Another big difference Nick discovered is that American teenagers graduate a year earlier than they do in Italy. Even though he is 18, Nick has one more year of high school to complete before he heads to a university.

"Universities here have so many clubs and so many sports. The universities at home don't have that," he said.

After graduation, Nick plans to earn a degree in computer science.

"I'll continue to shoot. Hopefully, I'll still have time to shoot when I'm at the university," he said. "And I hope to come back to Camp Perry next year."

Find out more on the CMP Pistol Program by visiting <https://thecmp.org/competitions/cmp-pistol-program/>. CMP also has a CMP Guide to Junior Pistol Shooting – download today at <https://thecmp.org/wp-content/uploads/JrPistolGuide.pdf?vers=101122>.

Nick's uncle, Emil, taught him about mental training and that has helped Nick during his matches.

Nick smiles as he waits for his relay to be called to the firing line.

Nick waives to the crowd as he is introduced in the Junior Air Pistol Final. Nick finished in first place with a 232.2.

National Trophy Individual Pistol Match

National Trophy Individual Pistol Match
winner, General Custer Trophy, SFC Ryan
Franks, USA, 295-13x. Presenter: LCDR

Emmert Traciak Earns Repeat Wins

By Ashley Dugan, CMP Staff Writer

Markswoman 1st Lt. Lisa Emmert Traciak, 27, of the Army National Guard, is an inspiring individual. Her abilities in bullseye, sport and air pistol have transcended her from a young athlete who simply found a new hobby to becoming a decorated national and international competitor who has loftier goals in mind – all while collecting impressive milestones along the way and using her experience to encourage others on the range.

At the 2023 Civilian Marksmanship Program (CMP) National Pistol Matches at Camp Perry, Emmert Traciak took home several awards including repeat high woman titles in the Pistol 2700 Aggregate and within the President's Pistol Match, all while adding Military Police Corps (highest individual in the National Trophy Team match) and the General Mellon (highest Army competitor National Trophy Team) trophies to her collection.

Her high score in the National Trophy Individual Match not only marked her fourth National Women's Pistol Trophy in her career but also brought a national record as she fired a score of 287-14X. The score was four X-shots above the previous record, which she had previously held from last year's performance in the event.

Moreover, she earned her third win for the National Guard Association Trophy as the highest scoring Guardsman in the National Trophy Individual event and her third consecutive Rose Krelstein Trophy as the high woman in the President's/National Trophy Individual Aggregate – reaching a score just one point shy of the current national record, which she set herself in 2022.

"Camp Perry was my very first match as a junior and is still one of my very favorite matches to shoot! I love the community and Commercial Row," she said, enthusiastically.

She earned her President's Hundred Tab in 2018 after finishing within the Top 100 participants in the President's Pistol Match and has repeated the feat ever since. She trains each year for Camp Perry by spending more time shooting .45 rapid fire than she normally would, with the philosophy that if she can shoot rapid fire, she can shoot timed fire.

"Probably the most important thing I do though is visualization," she said. "This year, I did not get a lot of transition time to practice up on bullseye, so I spent time thinking through my process and seeing

1st Lt. Lisa Emmert Traciak earned multiple awards at the 2023 National Matches, many of which were from repeat honors.

the sights align and feel the trigger pull."

She went on, "We have all heard the joke about leaving 10 points at the gate when you shoot at Camp Perry, but that's the challenge, isn't it? If you can focus on what you know and shoot your average, then you are ahead of the game!"

Double-Distinguished in Service Pistol and .22 Rimfire Pistol, with only a few Excellence-In-Competition points to go to earn a 60 Shot Air Pistol Distinguished Badge – even firing in CMP's National Air Pistol events while at Camp Perry – Emmert Traciak has proven her versatility.

"My favorite thing about marksmanship when I started and now is the mental challenge," she said. "Shooting the center of the target is a very simple concept, but creating a mental space where you can consistently hit the X is a constant challenge. You have to stay positive, believe in yourself and focus on the outcome you want. Even one stray thought can completely change the outcome of a shot."

Growing up in Michigan, Emmert Traciak began in marksmanship when she was 13 years old after attending a junior camp at nearby Ottawa Sportsman Club. Admittedly, she didn't really want to attend the camp, at first.

"My parents made me go," she has joked in the past. "But I ended up loving it."

Soon after, she joined the junior shooting team where she competed in bullseye pistol matches. Eventually, she became acquainted with the All Guard team after competing in their competitions – a

She first earned the National Women's Pistol Trophy in 2018, then as Cadet Lisa Emmert.

and New Career Breakthroughs in 2023

connection that, along with her talents and training, helped her become a member of the team herself in 2018.

"Seeing them get to compete in a National Guard capacity really inspired me to join the military," she said. "One of the main reasons I wanted to join was because of the Service Pistol Team and further opportunities for advanced marksmanship that the military offered."

Though her grandpa was in the Navy, she's the first of her family to join the Army. Being in the Guard has allowed her an abundance of training advancements and, since it's part time, also allows her to do other things she enjoys like teaching piano – her focus while in college at Spring Arbor University in Michigan.

Besides excelling in outdoor competitions, Emmert Traciak has excelled in indoor air pistol after gaining interested in Olympic-style competitions back in 2019. She has become so invested in the sport that she made the decision to move to Colorado in the summer of 2022 to train full time at the Olympic Training Center.

Five months after her move, she was on the USA Shooting National Team for sport pistol and, most recently, was added to the air pistol team where she has shown talent – earning silver in the Women's 10m Air Pistol event at the 2022 Winter Air Gun Championships and turning around to reach gold at the 2023 USA Shooting National Championship in the same discipline.

For her, moving from bullseye competition to air was simple and even advantageous to her game.

"There is a lot of overlap in the skills between these two sports, so I had a leg up going from one to the other," she said. "Though there are a few differences that needed to be worked out."

Such differences include the large calibers in bullseye and heavier trigger weights, meaning the need to grip the gun a little more to stay in control. In air pistol gripping too hard can make a steady hold much more difficult.

"There is a lot of opportunity for cross training between the two though," she added. "I saw a big improvement in my .45 when I started consistently training air. It's something I recommend all bullseye shooters try."

Along with her own motivation, the ease in shifting disciplines came from the positive reinforcement she received from those around her.

"I had fantastic coaches that helped me make this transition smoothly," she said.

With her coaches at the Olympics Training Center, she's now able to train five or six days a week, including about three hours a day actually shooting in addition to workouts, reading and meditation/mindfulness practice – a curriculum developed by her coach, Brenda Silva.

"Starting with my long-term goals, we broke down those goals into the everyday steps I need to be taking to develop the necessary skills I need," Emmert Traciak explained. "Both Brenda and the National Team coach (Jason Turner) help push me in training and answer my many questions."

"They are also a second set of eyes on the range," she went on. "It can be difficult to diagnose your own problems. Having someone who knows the sport so well guide you is so important."

Through the National Team, she's able to compete internationally at World Cups and World Championships and was even selected to the Pan American Games Team for both sport pistol and air pistol for 2023. She credits her big move across the country in assisting with

In 2019, she turned her attention to air pistol.

her recent accomplishments.

"After moving to Colorado and training at the Olympic Training Center, I saw a big jump in my scores," she admitted.

Along with reaching the 2024 Olympics, Emmert Traciak is set on encouraging more individuals on the range. Beginning this year, she decided to run her own camps for youth and adults in sport, air and bullseye pistol, tailored to the group's needs. It's her way of passing on her knowledge to those looking to create their own marksmanship careers while also inspiring others to join the sport.

"I had SO MUCH help when I was a junior just getting into bulls-eye. I could not be doing the things I am now without some amazing people who helped me get here," she said. "I love that I get to be one of those people for juniors now!"

Outside of juniors, there's another group she's hoping to inspire.

"Why let the guys have all the fun?" she joked. "Even though I have been one of the few women on the range, since day one, I have enjoyed the community and the sport. I love doing well as a woman, and I hope that encourages more woman to shoot pistol!"

Emmert Traciak earned National Champion titles in 10m air pistol and 25m standard pistol at the 2023 USA Shooting National Championships.

Mowrer, Milev Claim Wins at Expanding National Air Gun Championships

By Ashley Dugan, CMP Staff Writer

In only its second year, the Civilian Marksmanship Program's (CMP) National Air Gun Championships are growing, thanks in part to its new home on the National Matches schedule.

The Air Gun Championships consist of two days of 60 shot competitions for Air Rifle and Air Pistol adult and junior athletes – all fired upon the electronic targets within the Gary Anderson CMP Competition Center. Also held concurrently with the individual 60 shot matches is a four-member team championship, while a three-round Team Elimination Match adds an exciting challenge to the lineup.

In 2023, the Championships were aligned with the CMP Smallbore series to allow athletes the opportunity to compete in both disciplines during their trip to Camp Perry. The change emerged as beneficial to athletes, with Air Pistol participation remaining steady and Air Rifle expanding by 50 athletes.

"The resulting number of participants in our Smallbore and Air Gun events is exactly what we had hoped for when we made changes to the National Matches calendar," said Katie Harrington, CMP program coordinator. "We had 130 athletes shooting both disciplines, so it only made sense to have these series take place at the same time."

"It was encouraging to not only see those talented athletes on the range that we've become accustomed to," she went on. "But it was also promising to see new faces as we work toward bringing awareness to our sport and the opportunities it presents."

Such talented athletes participating in the Air Gun Championships included Olympians Staff Sgt. Nickolaus Mowrer, 34, of Colorado Springs, CO, and Staff Sgt. Sandra Uptagrafft, 52, of Phenix City, AL, who took first and third, respectively, in the Air Pistol individual match. Finding second was Jay Shi, 44, of Gilbert, AZ.

Also displaying skill on the line was Junior Air Pistol competition leader Nick Milev, 18, of Ossona, Italy, along with Blaine Simpson, 18, of Sidney, OH, who followed in second. Elie Arkin, 15, of Falls Church, VA, claimed third.

Joining talents, Mowrer, Milev, Emmert Traciak and Lutz formed USA Shooting to earn the Air Pistol 4-Member Team win with a commanding lead of 4551-122X. The Dream Team (Uptagrafft, Lake Yoke, Patrick Cannon, Ananya Bontha) took second, with 4253-65X, as NC/WV (Nate Gunn, Robert Peele, William Trowell, Eric Herrin) earning third.

In the Air Pistol Team Elimination Match, USA Shooting earned the top spot, with members First Lieutenant Lisa Emmert, Traciak, Anthony Lutz

Team Old Guys claimed third place in the Air Pistol Team Elimination Match.

Staff Sgt. Nick Mowrer led the Air Pistol Open Match.

Nick Milev (right) was the overall athlete in the Junior Air Pistol event.

Staff Sgt. Sandra Uptagrafft found third overall in the Air Pistol Championship.

and Patrick Cannon finding the lead over Sights Unseen (Robert Delagrange, Marshall Mutumanje, Makezieanne Wygans). Team Old Guys (David Wisman, Darrell Filges, Matthew Muzik) earned third.

CMP Announces Final Results of NM Air Gun Events

The 2023 National Air Gun events, part of the Civilian Marksmanship Program's (CMP) National Matches at Camp Perry, saw over 400 entries throughout its month-long run – with several winners emerging from the pack. Whether to beat the heat, to gain competition practice or to take a chance at a national-level event, individuals flocked to the Gary Anderson CMP Competition Center to join in on the air gun matches.

"We had a fun and exciting National Air Gun events season this year!" said Catherine Green, CMP's North Range Coordinator. "It was wonderful to see so many individuals of all ages taking interest in the air gun portion of our competitions and enjoying the variety of matches we have on the schedule."

The National Air Gun Matches provide additional competitive opportunities for pistol and rifle competitors visiting Camp Perry during the National Matches while offering a glimpse into the growing world of air gun. All matches are held within the 80-point electronic indoor range at the Gary Anderson CMP Competition Center, located on the Camp Perry grounds.

Open to the public, the air gun events are meant to draw in new participants (including those who have never fired before) through a diverse set of air rifle and air pistol matches, with rental equipment and pellets available for purchase at the range for those without their own gear. The events also serve to encourage those already proficient in marksmanship to try air rifle or air pistol for more unique challenges on the range.

Air Pistol Event Results:

The 30 Shot Air Pistol Match saw Marshall Mutumanje, 45, of Centreville, VA, breaking a tie to nab the first place spot – barely beating out Sergey Kalinichenko, 52, of Cos Cob, CT. Each reached a score of 284-6X. Finding third was Staff Sgt. Jonathan Rosene, 47, of Cortland, NE, with 283-6X.

The accompanying Pistol Center Shot contest with the 30 Shot event, offering prize money to the athlete firing closest to center, went to Mike Vernon, 67, of Beecher, IL. For his win, Vernon received \$176.

Leading the 40 Shot Air Pistol event was Capt. Ames Evans, 30, of Columbia, MD, with 376-9X – three points over Kalinichenko in second. Timothy Young, 64, of Franktown, CO, found third with 367-10X.

In the Air Pistol Team match, the pair of Lake Yoke and Patrick Cannon formed "Spicy" and led overall with a score of 555-12X. competitor in each event.

Photos of the National Matches may be viewed and downloaded for free at <https://cmp1.zenfolio.com/f148616975>.

The National Air Gun Matches feature both air rifle and air pistol opportunities for all experience levels.

Two Laser Shot Simulators are available at the Gary Anderson CMP Competition Center for competitors and visitors to try. Various firearms and games are available for a small fee. The Simulators will be available to try anytime the range is open.
