

CMP MOD-1 / MOD-0 DISCLAIMER AFFIDAVIT

Mod-1 Disclaimer

All CMP Mk2-Mod-1 rifles have been inspected in compliance with the original military specification to which they were originally produced. All CMP Mk-2Mod-1 rifles have been subjected to headspace verification in compliance with the dimensions established for a MIL-SPEC 7.62 NATO chamber. These rifles should ONLY be considered compatible with Mil-Spec 7.62 NATO ammunition. CMP cannot endorse the use of commercial .308 WIN in these rifles. The undersigned hereby acknowledges receipt and understanding of this guidance regarding appropriate ammo selection for the CMP Mk2-Mod-1 rifle and agrees to relieve CMP of liability for any damages associated with disregard.

Mod-0 Disclaimer

The Navy Mk2-Mod-0 rifle was converted to 7.62 NATO by insertion of a bushing into the chamber. CMP cannot confirm the integrity of these inserts and categorizes these rifles as unserviceable. CMP Mk2-Mod-0 rifles should not be considered serviceable or safe to fire. These rifles are being sold for display purposes only, in a nonfunctional condition that maintains historical integrity. CMP does not condone any attempt at reactivation. The undersigned hereby acknowledges receipt and understanding of this advice regarding the unserviceability of the Mk2-Mod-0 rifles and agrees to abide by the recommendation that no attempt be made to fire this display.

I acknowledge receipt and understanding of the above provided guidance and agree to relieve CMP of liability for any damages associated with disregard. I also acknowledge that the Mod-0 is unserviceable and agree to abide by the recommendation that no attempt be made to fire this display piece.
