

2026 Official Program CMP Regional Championships 16 – 25 April 2026

Congratulations to all teams and individual athletes that qualified for the CMP Regional Championships! This event will give teams and individuals who earned the right to represent their clubs an opportunity to meet the challenges of a major shoulder-to-shoulder competition. At the conclusion of these regional matches, the top 155 sporter and precision athletes will be selected to compete at the CMP National Three-Position Air Rifle Championship scheduled for Camp Perry, Ohio in June and July.

This official match program governs the conduct of the CMP Regional Championships and provides information so that qualified teams and individuals can plan their participation.

Organizer and Host. The championship competition will be organized and hosted by the Civilian Marksmanship Program (CMP).

CMP REGIONAL CHAMPIONSHIP. The three following dates and locations will be used for the CMP Regional Championships. Please check the CMP Postal program for an official breakdown of the regions. Please send requests to change location to:

Entry Fees. The entry fee is \$40.00 per participating competitor (team member, alternate and individual shooters). There are no additional team entry fees. Fees must be paid two weeks prior to the competition. Refunds will be given if notice is given two weeks or more prior to the competition, a 50% refund if notified within two weeks of the competition, and no refunds if not notified prior to the start of the competition. Payment can be done at time of registration or call 419-635-2141 ext. 704 to make payment over the phone. Please make out checks to CMP and mail to: Civilian Marksmanship Program; P.O. Box 576; Port Clinton, OH 43452.

The following rules govern the conduct of the CMP Regional Championship:

- **Rules.** The competitions will be three-position air rifle events fired at 10-meters. ***National Standard Three-Position Air Rifle Rules*** will govern. Copies of the rules may be purchased from the Civilian Marksmanship Program or downloaded from the CMP web site at <https://thecmp.org/youth/air/national-standard-three-position-air-rifle-rules/>.
- **Qualifying Teams and Individuals.** Qualifying teams and at-large individual athletes (individuals who are not on qualifying teams) in the sporter and precision air rifle classes were selected based on scores fired in the CMP National 3PAR Postal Competition in accordance with qualifying criteria published in the ***Official Program*** for the ***2025-2026 CMP Air Rifle Postal Competition***. A maximum of 640 slots may be filled.
- **Team Championships, Sporter and Precision Classes.** Each qualifying team may bring up to five athletes to the competition. If a team brings five shooters, they must designate the four team members and one alternate at the time of check-in. Subsequent substitutions to the four-person team are possible only in the case of illness or an emergency. Members of the four-person teams will fire one three-position 3X20 course of fire on each of the two competition days. The team's total score for the two 3X20 courses will determine team rankings.
- **Individual Championships, Sporter and Precision Classes.** The four members of each team, plus all at-large individual qualifiers, and all alternates will compete for individual awards. After the second 3X20 course of fire, the top eight individuals in the precision and sporter classes will compete in three-position start-from-zero final.

Additional Information:

- **Competition Sanction.** The National Three-Position Air Rifle Council has sanctioned the 2026 CMP Regional Championships. Scores fired can be recognized as national records.
- **EIC Credit Points.** The National Three-Position Air Rifle Council recognizes the CMP Regional Championships as a National Council Member Championship. The top 25% of all non-Distinguished competitors in the overall individual rankings will receive EIC credit points (counts towards Junior Distinguished status) in accordance with National Council regulations (Appendix D in the NS3PAR Rulebook). All three events will be combined to
